Testimonials

Following installation Garry took time to re-visit the property and run through all of the features/settings of my new boiler, and ensure that I was happy with the installation.

- Richard

Cannot fault Blue Flame Gas Solutions at all. From the ease and swiftness of obtaining a quote, to the job being completed to such a high standard.

- Catrin

From start to finish Blue Flame have been fantastic. We are so happy with our new boiler. The price given was competitive and it was clear that Garry was a master of his trade.

- Cris

Absolutely first class service every time. Previously had a radiator replaced, excellent job. This time I had a new Viessmann boiler installed. Fantstic service. Garry is very knowledgeable about the products he provides, helping us to decide which boiler was ideal.

- Bob Nicholas

The engineers came on the day and time stated and were very friendly and polite , and completed the job to a very high standard.

- Julie Richards

Really excellent quality work with neat pipework and external wall restoration.

- P. Graves

Professional, personable service. Articulate clear explanation of the work undertaken. I would highly recommend to friends and family.

- Terry

First class service throughout, Blueflame were very helpful with us making the right choice boiler for our home.

- Wayne Lear

Had a new combi boiler fitted a week ago and what a difference it's made. Mark was exceptional and did an excellent job cleaning up after the work was completed. I would highly recommend this company with no hesitation to use again.

- Catherine Ward
